TO: WORKFORCE DEVELOPMENT COMMUNITY

SUBJECT: STATEWIDE DOMESTIC VIOLENCE SERVICE PROVIDERS

The purpose of this Information Notice is to inform the Workforce Development Community of a resource available to assist victims of domestic violence: the California Partnership to End Domestic Violence (CPEDV) Statewide Listing of Domestic Violence Service Providers.

The California Workforce Investment Board (State Board) and the Employment Development Department (EDD) participate on the State Interagency Team, Domestic Violence Prevention Workgroup. As part of this interagency approach to strengthen domestic violence services and ensure individuals are served from multiple access points, the State Board and the EDD would like to share the CPEDV Statewide Listing of Domestic Violence Service Providers. Through this statewide listing, users can locate domestic violence service providers by county.

The Statewide Listing of Domestic Violence Service Providers can be accessed by calling the 24-hour National Domestic Violence Hotline at 800-799-SAFE (7233) or by visiting the CPEDV website at [www.cpedv.org](http://www.cpedv.org). To locate services, please follow the instructions below:

- From the Home Page, click on “For Survivors” – “Get Help Now”, then click on “Domestic Violence Services by County.”

The CPEDV does not provide direct services to victims of domestic violence, but can provide referrals to local service providers, shelters, legal services and more.
